## **DETAILED ACTION**

### ***Response to Amendment***

#### ***Claim Rejections - 35 USC § 112***

Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, recites the limitation "each of said means" in lines 3-4. There is insufficient antecedent basis for this limitation in the claim. The previous line states at least one means to transmit, therefore no antecedent basis is provided.

Claims 2-8 are also rejected for incorporating the deficiencies of their base claim. In claim 9, it is unclear what is in combination as stated at the beginning of the claim.

Claims 10-16 are also rejected for incorporating the deficiencies of their base claim.

#### ***Allowable Subject Matter***

Claims 22-26 are allowed.

### ***Response to Arguments***

Applicant's arguments with respect to claims 1-16, 22-26 have been considered but are moot in view of the new ground(s) of rejection.
